COAST KIDS PRESCHOOL / COVID-19 UPDATE: May 4th

Dear Families,

Here we are, already in May! None of us could have imagined we would be in this situation. I am praying for good health for you and your family. Our preschool staff continues to enjoy good health. We loved seeing you at our Drive-By Event. It was so much fun and showed how much we miss you all! We will have another event in May.

We still have the big question: When will we re-open? My answer still is "I don't know." At least our State is talking about this and has stages in place. This is some progress. Will preschool be the same when we open? Oh no, it can't be. We will have heightened sanitizing and cleaning, health checks before entry, ratios will be different, classes may be different. Will it ever go back to how we did preschool here at Coast Kids Preschool? I believe it will be similar someday. But we, as all of you, are learning from this pandemic. So we will continue to learn and grow as a staff and eventually be even better.

I want answers too. I need answers on certain things before we can open. You need to know too. My goal is to give everyone at least a 2 week notice of re-opening. I think it is safe to say that we will be closed for the month of May.

And, would you do the same for me? If we opened June 1st, would you send your child? If we opened June 15th for Summer Camps (and you have signed up), would you send your child?

This Friday, May 8th we will post our [Garden Party for Moms \(Re-imagined\)](#) on our Coast Kids Preschool FaceBook page. Get your kleenex ready for the photos of Mom and child.

This week also begins "Teacher Appreciation Week" in public schools. Some of you have asked me about this. We usually hold our event after Mother's Day (to give you proper honor). But all days sort of blur together, don't they. I have posted on our Coast Kids Preschool Website, on the Resource page a paper titled, "Apple for the Teacher." Can you have your child decorate the apple and add some words to what they like about their teacher? Then you can mail it back to the preschool or you can email it to the teacher. For our afternoon teachers, outdoor teachers or admin staff, you can also mail to preschool or email to me. THANK YOU for doing this! I know it will really bless the staff. We always enjoy reading our "Apples for the Teacher."

While we have endured so many changes and we know there is more to come, God remains the same. He has been good, He is good and He will be good. He cares about us! "Before the mountains were brought forth, or ever you had formed the earth and the world, from everlasting to everlasting you are God." Psalm 90:2

My hope is in the Lord!
