

Brandi LaFee

Coast Kids Preschool staff since January 2019

Hi! My name is Brandi LaFee and I am so thrilled to be part of the Coast Kids Preschool staff. I am passionate about working with children. It truly is my calling. I have been studying Child Development since high school. I continued my education in Child Development at Mira Costa College. I received my AA as a Child Development Associate Teacher, studied advanced issues with infants and toddlers, and received a Certificate of Achievement in Child Development with highest honors. I am looking forward to learning and growing as a teacher in this wonderful classroom.

I have two beautiful children. My son, Hayden, is thirteen years old and my daughter Skylar is eight years old. We live locally and love everything about living in North County. We have been attending North Coast Calvary Chapel for ten years. I enjoy being outside, hiking, swimming, playing at the beach, paddle boarding and enjoying all the wonderful parks. Another passion of mine is giving back to the community through homeless outreach in Carlsbad and Oceanside. I love working with people and sharing the love of Christ in everything that I do. I am so thankful that I will be in a classroom /preschool so full of love and passion for Christ and for the children.
