

**Keri Wagner: Administrative Assistant**  
**Coast Kids Preschool Staff since January 2013**

"...make the most of every opportunity." Colossians 4:5

Opportunities! To be a part of an environment that creates opportunities for young learners to grow socially, emotionally, cognitively, and spiritually. Jesus tells us in Matthew, "Love the Lord your God with all your heart and with all your soul and with all your mind"... Coast Kids Preschool seeks to provide these opportunities within the classroom. Part of my job here at Preschool is to make this learning visible to our parents as your children are growing and developing. I also have the privilege to support the children, our Director and staff within the Preschool. And when you hear music...chances are, I'm behind it!

I have been teaching Preschool for the last 25 years. I received my education in Early Childhood Development from Palomar College. I am thrilled to serve at my home church North Coast Calvary Chapel.

I have been married to my wonderful husband, Dave, for 42 years. We have one son, Drew, and our daughter-in-love, Gillian. We enjoy our family time, anything to do with the ocean, camping, and exploring.

My prayer is that this school year will be a rich time filled with meaningful opportunities for each family and that your child's relationship with our Jesus will strengthen.
