

## Coast Kids Summer Camps Updates - July

6/28/22

### Off to a Good Start

For some children, this is their first time attending any kind of preschool. We have not had many tears. Children are learning how to say "goodbye" to Mommy and Daddy. We are so proud of them. Children are making new friends. Children will have the opportunity to also meet many of our teachers during Summer Camps.

### Drop Off / Pick Up

Even though we ended the school year with parents coming in for drop off and pick up, we have gone back to drop off and pick up at our Check-in Table at the front. We have seen how helpful this is in having the children adjust more quickly in saying their goodbyes. Thank you for your cooperation.

Morning program: Drop off no earlier than 8:30. Pick up by 12:30.

3/4 Day: Drop off no earlier than 9:00. Pick up by 3:00.

Full Day: Drop off no earlier than 8:00. Pick up by 5:00.

### Tuition Statements

You will receive tuition statement by email. Tuition is always due on the 1st of the month and becomes late after the 5th regardless of which day of the week this falls and regardless to whether your child is currently attending or not. If your child is not attending a summer session during the 1st week of the month - you will have to bring in your tuition or mail it. Please allow time if mailing, to be here on time. You may also set up an account using your email you provided at registration with *myprocare.com* to pay your tuition online. Procure does attach a convenience fee for this option.

### WaterPlay

We will have WaterPlay the 2<sup>nd</sup> week of each session. We will post a schedule on a poster behind the check in area.

Please have your child come to preschool in his or her bathing suit. A 2-piece is best for girls for easy access in restroom. Bring a towel labeled with your child's name and bring the clothes in a plastic bag to change into after WaterPlay. We will send home your child's wet items in that plastic bag each day after WaterPlay.

#### Chapel Time

Our classes will gather for Chapel once during the 2-week sessions. This is a joyful time singing together and learning from God's word.

#### Sunscreen

We encourage everyone to apply sunscreen on your children before coming to preschool. For the full day children that may need another application - you must fill out an authorization form from the office and provide the sunscreen.

#### Potty Trained?

Just a reminder, your child needs to be completely potty trained to attend preschool here.

#### Nap Supplies

Nap supplies need to be laundered each week. Please label sheet and blanket and place in a closeable backpack or knapsack.

#### KidsGames June 20 – July 15

North Coast Calvary Chapel will be hosting KidsGames June 20 – July 15. KidsGames is our church's version of a Vacation Bible School. This campus will be very busy. The parking lot will be busy. We will have some spaces reserved up front near the playground for you. It will be labeled, Saved for Coast Kids Preschool. Our lower lot will be closed for any parking. This does not change what is happening inside the preschool building and on our playground.

#### End of a Session

The contents from your child's cubbie will be sent home. You may bring back the extra clothes at the beginning of your child's next Summer Camp session.
