

Amy Engel

Coast Kids Preschool Staff since December 2011
B108 Afternoon Teacher

Hi! My name is Amy Engel. I'm looking forward to working with your children in the afternoons in room 108. I have been working at Coast Kids Preschool for many years. I enjoy singing Christian songs with the children and creating art.

I have an art degree from the K.C. Art Institute. When I moved to California, I got my education in child development from both Palomar and Mira Costa College. I have taught in many preschools, with ages from two year olds to pre-K. I also have taught Sunday school.

My husband's name is Scott. We have been married for 35 years. We have two girls, Alicia and Lea. Alicia is a caregiver and lives in Oceanside. Lea is a C.N.A. part time and is going to esthetician school.

Swimming is one hobby I enjoy while I'm not working. I also enjoy gardening and going to concerts with Scott.

May God bless this year to be a wonderful, fun year!
