“For to us a child is born, to us a son is given, and the government will be on his shoulders. And he will be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace.” Isaiah 6:9 NIV

### **November Recap**

We hope that you had a wonderful Thanksgiving with family, friends, and a whole lot of food! We're incredibly grateful for YOU, what a blessing you all are to us! This past month, the class continued to learn about the importance of being thankful, caring, loving, empathetic, and giving like Jesus. As we studied presidents and the voting system, we also learned about honoring and praying for the men and women who have served and are currently serving in our nation's armed forces. Thank you to all the brave men and women who sacrificed so much so that we could have freedom! You will always be remembered!

### **Process Art**

Our class loves to get creative and enjoys making everyday masterpieces! Process art allows children to explore and create art activities without a predetermined outcome. It is a freeing activity that focuses more about the process of creating art than the product that is created. With an attitude of play and discovery, children are introduced to various materials and techniques and they are given the opportunity to make each art experience their own. Besides building fine motor skills – by working with paint, glue, or clay - process art can also help children to relax, focus, express their feelings, and gain confidence.
