

## Super Pre-K December Newsletter B106 and B110

We are so thankful to be wrapping up another wonderful month together, and look forward to all of the special activities that December will bring to Coast Kids Preschool! Last month, we explored the concepts of Fall harvest, our Veterans, the Wampanoag Tribe and the Pilgrims, the many things we have to be thankful for, and all of the different ways that we can give glory to God in thanks in our daily lives. We painted with feathers, learned about owls, learned Christmas songs, wrote and counted out our numbers 1- 10.

We have been practicing daily for our special CKP Christmas Celebration that will be held on Thursday, December 1st from 5:30-6:15 pm in our Family Center. The students will be celebrating the birth of Jesus through song, and we invite you and your families to join us for this fun and festive event. On Friday, December 2nd (after our Christmas Celebration evening) we will be having an all school Christmas Jammie Day. This is the day to come all comfy- cozy in their Christmas PJs. Our class Christmas parties will be held Thursday, December 15th & Friday the 16th. We are asking for a \$3 donation for each day your child will be attending; we will purchase festive plates, napkins, bananas, strawberries, and some other little surprises for the students to celebrate this wonderful holiday together. THANK YOU!

We will also be holding a Christmas Book Exchange on Thursday, December 8th and 9th. This is a fun way for your child to give and receive a special gift from their classmates, and enjoy the special experience of giving to those they care about. Please bring in one wrapped book (for each day that your child attends) with your child's name written on the outside (please keep the book cost to under \$5). Books are always a wonderful and welcomed gift for children this age.

### December Planned Possibilities:

The letters 'Kk' and 'Ll' Mystery letter game  
"Rainbow letters" Christmas tree art  
Frog Jump Capitals Letter review  
Christmas journal writing Jesus' birth story

We are always intentional in our teaching here at Coast Kids Preschool. Just one of our intentional activities is our 'letter of the week' and 'share time'. Many learning goals and objectives are met through these activities, including demonstrating emerging knowledge of the alphabet, using letter recognition to begin to make meaning from print, and critical thinking and problem-solving skills, just to name a few.

Holiday blessings to you and yours,  
Miss Angela & Miss Brandi
